

Site Manager – Manchester – Permanent position

MC Construction are looking to expand their team. We are currently looking for experienced and enthusiastic Site Managers to be based on our sites within the Northwest.

Do you want to become a part of the Manchester & Cheshire Construction Team? Are you highly organised with excellent operational and customer service skills looking for a new role?

What your role will be

MC Construction are experiencing strong growth and we have big plans for the future, we want likeminded individuals to help us achieve our goals. If you have a dynamic attitude, a strong operational / refurbishment background and are customer service focused, this is the role for you.

This could be your first step to a career at MC Construction, as we encourage our Site Managers to increase their professional knowledge and look to promote internally.

You will join a strong diverse operational team that boasts a strong work ethic and are known for their friendly approach. As one of our Site Managers you will drive a safe and quality-based service for our customers. Whilst working closely with our internal teams, being forward thinking and ensuring all issues are resolved quickly and effectively. Working towards meeting internal and client KPI's. The best interest of the customer is at the heart of what we do, working within client, company and statutory regulations.

You will actively promote the vision and values of MC Construction Ltd.

Your background

We are looking for someone who is a forward thinker and proactive when solving problems, you can manage multiple priorities and enjoy variety in your work. Much of your role is dependent on developing positive health and safety culture and developing working relationships, communicating with operatives, contractors, customers and clients, so we require someone who has excellent IT, written and verbal communication skills. Experience working within a site-based environment is essential, we offer full support and training, to give you the skills you need to be an expert too.

What we offer you

This is a great opportunity to work for a family business that is experiencing strong growth within the North West's Construction Sector, supported by a strong diverse senior team. We know that when you feel valued and you enjoy your working environment, you perform better in your role and your overall morale and well-being improves. In this role you will receive an attractive rewards package that will include a comprehensive pension; generous holiday entitlement plus many other benefits including career development.

About MC Construction Ltd

We are a people-based business and have built a reputation for quality, long-term relationships, principles, ethical practices and repeat business over the last 50 years.

You will have the opportunity to work on prestigious projects across a variety of sectors which includes Heritage, Education, Hotels, Leisure, High-End Residential and Commercial. Our services include internal and external refurbishments, structural alterations and new build.

Licence:

- SMSTS (Site Management Safety Training Scheme) (Required)
- CSCS (Construction Skills Certification Scheme) (Preferred)
- Driving License (Required)
- Asbestos Awareness (UK Asbestos Training Association) (Preferred)
- Manual Handling Awareness (Preferred)

Salary negotiable dependent on experience, plus benefits and discretionary bonus
